Food Supplements (Directive 2002/46/EC)

7. Notification Under Another Act

- Regulation (EC) 1925/2006 on the addition of vitamins and minerals and of certain other substances to foods

8. Main Content

The Order sets out the list of substances for nutritional or physiological purposes other than nutrients authorised in food supplements. It sets specific restrictions where necessary for the use of these substances.

Moreover, the Order provides that operators shall make precise information available to the inspection authorities regarding the nature and quality of the substances used.

9. Brief Statement of Grounds

Decree No 2006-352 enacts Directive 2002/46 on food supplements. This Decree includes a mutual recognition procedure for food supplements authorised in other Member States. The substances contained in these food supplements must then be incorporated into the national list of authorised substances.

The objective of this text is to ensure the transparency of administrative decisions and to protect consumer health.
