8. Main Content

These regulations prescribe the size, colour and type of traffic signs that may be used for conveying to traffic warnings, information, requirements, restrictions or prohibitions. Equivalent standards to the British Standards are recognised or an equivalent specification of a European Economic Area State.

9. Brief Statement of Grounds

The Traffic Signs Regulations (Northern Ireland) 1979 (hereinafter referred to as the "1979 Regulations") prescribe the size, colour and type of traffic signs. However, the 1979 Regulations have been considerably amended, and require updating. The regulations which are the subject of this submission consolidate the amendments made in the 1979 Regulations.
