8. Main Content

The decree aims to implement the amendments introduced by Order No 2017-27 of 12 January 2017 on the hosting of personal health data.

It specifies the scope of activities relating to the hosting of personal health data subject to the approval of the Ministry of Culture.

It obliges any natural or legal person at the origin of the production or collection of said personal health data to use an approved host if they outsource the hosting of personal health data for which they are responsible, in hard copy or electronic copy in the context of an electronic archiving service.

It defines the connection between the certification procedure provided for in Decree No 2018-137 of 26 February 2018 on the hosting of personal health data and the approval procedure.

It sets the conditions for obtaining the approval and lists the minimum clauses that must be included in the contract concluded with the approved service provider.

9. Brief Statement of Grounds

Update to the Public Health Code and the Heritage Code, update to the approval procedure for the hosting of personal health data in hard copy and for the hosting of health data in electronic copy in the context of an electronic archiving service.
