4. Notification Number

2017/0315/F - N40E

5. Title

Order on the characteristics of light marine diesel

6. Products Concerned

Fuels

7. Notification Under Another Act

-

8. Main Content

The order on the characteristics of light marine diesel defines the characteristics of the petroleum product in question, relaxes the maximum FAME content based on the use of large-scale logistics and provides for modernised architecture. It was the latter reason that prompted the decision to repeal and replace the order of 19 June 2000.

This Order is co-signed by the Director-General for Energy and Climate, the Director-General for Competition Policy, Consumer Affairs and Fraud Control and the Director-General for Customs and Excise.

9. Brief Statement of Grounds

This Order defines the technical characteristics of light marine diesel for authorisation in the national territory of France.

Article 4 of this Order stipulates the repeal of the preceding order of 19 June 2000.

The technical characteristics of light marine diesel fuel are detailed in the Annex to this Order taking into account the possibility of the presence of FAMEs based on the use of large-scale logistics.

10. Reference Documents - Basic Texts

No basic text(s) available.

11. Invocation of the Emergency Procedure

No

12. Grounds for the Emergency

-

13. Confidentiality

No

14. Fiscal measures

No

15. Impact assessment

-

16. TBT and SPS aspects

TBT aspect

No - the draft complies with an international standard.

SPS aspect

No - the draft is neither a sanitary nor phytosanitary measure.
