5. Title

Building Standards Review 2015 – In-building physical infrastructure for high-speed electronic communications networks – Proposed introduction of a building standard and associated guidance (de-facto regulation) within the building standards Technical Handbooks to implement Article 8 of European Directive 2014/61/EU.

6. Products Concerned

construction products

7. Notification Under Another Act

-

8. Main Content

Draft amendments to the regulations and guidance for infrastructure (ducts and cable trays) to be formed within buildings that allow the passage of cables and fibre, when the building owner or occupant chooses to install superfast broadband.

9. Brief Statement of Grounds

Article 8 of Directive 2014/61/EU is seeking to make new buildings and major renovations to existing buildings ready to receive high-speed electronic communication. It is looking for infrastructure (ducts and cable trays) to be formed within buildings that allow the passage of cables and fibre, when the building owner or occupant chooses to install superfast broadband.
