4. Notification Number

2000/0059/E

5. Title

Draft Ministerial Decree amending Annex II to Royal Decree 280/1994 of 18 February laying down the maximum residue limits for pesticides and the monitoring thereof in certain products of plant origin.

6. Products Concerned

Maximum residue limits for plant protection products in certain plant products.

7. Notification Under Another Act

-

8. Main Content

New maximum residue limits are established for the active substances 1dimetomorf, dinocap, imidaclopid, pyridaben, pyriproxifen and quinmerac and provisional maximum residue limits are established for the active substances fenhexamide, flasazufuron and pymetrozine.

The text defining the residue of the active substance glyphosate has also been amended.

9. Brief Statement of Grounds

The maximum residue limits for 6 active substances are provisional, as a pre-requisite for the adoption of decisions on the provisional authorisation of plant protection products containing this active substance. The maximum residue limit for 3 active substances is established as a pre-requisite for the adoption of decisions on the authorisation of plant protection products or new applications thereof, and for the revision of prior authorisations.

The definition of the residue of the active substance glyphosate has been amended in order to be added to Directive 90/642/EEC.

10. Reference Documents - Basic Texts

Royal Decree 280/1994 of 18 February laying down the maximum residue limits for pesticides and the monitoring thereof in certain products of plant origin (sent as a base text with notification 99/467/E).

11. Invocation of the Emergency Procedure

No

12. Grounds for the Emergency

-

13. Confidentiality

No

14. Fiscal measures

No

1 Tr. Note: these substances could not be found.
