8. Main Content

These regulations prescribe the requirements for the specification of materials to be used and the standards of workmanship to be observed by undertakers when reinstating streets in which they have executed street works in accordance with their duty under Article 30(1) of the Street Works (Northern Ireland) Order 1995.

The specified requirements as to materials to be used and the performance standards to be observed are prescribed by reference to a code of practice, "The Specification for the Reinstatement of Openings in Roads" to be approved by the

Department under Article 31(3) of the Order.

The Department of the Environment for Northern Ireland will fulfil its obligations under Article 12 of Directive 83/189/EEC (as amended) on publication and by inclusion of a reference to the Directive in the Explanatory Note to the Regulations.

9. Brief Statement of Grounds

These regulations will extend to Northern Ireland the requirements notified previously (91/0084/UK) and applied under the provisions of Parts III and IV of the New Roads and Street Works Act 1991 in the remainder of the United Kingdom, with regard to the reinstatement of openings in highways.
