4. Notification Number

95/0036/F

5. Title

SP/DRG/R RS/16, November edition 1994 : Technical
specifications for paging devices operating over decametric,
metric and decimetric waves.

6. Products Concerned

The devices concerned are pagers.

7. Notification Under Another Act

-

8. Main Content

This regulation gives the minimum characteristics which
paging devices, other than those operating with induction
loops, must comply with.

9. Brief Statement of Grounds

This regulation shall cancel and replace the previous edition
(May 1993) notified under reference 93/0172/F.
As the receivers operating over frequencies below 30 MHz are
not subject to the constraints of section 6.4, the following
sentence, 'receiver operating over frequencies above 30 MHz',
has been added.
This is the only difference between the old and new version

of this regulation.

The results of tests carried out in designated laboratories, in accordance with article R20-18 of decree no.92116 of 4 February 1992 concerning the approval of telecommunications terminal equipment, their connection and the admission of installers, are considered valid.
