### 8. Main Content

The purpose of this Draft Order is to apply to safety testing of tattooing products the provisions of Directive 2004/10/EC of 11 February 2004 on the harmonisation of laws, regulations and administrative provisions relating to the application of the principles of good laboratory practice and the verification of their applications for tests on chemical substances. The scope of this Directive covers "the non-clinical safety testing of test items contained in pharmaceutical products, pesticide products, cosmetic products, veterinary drugs as well as food additives, feed additives, and industrial chemicals" and does not cover the non-clinical testing of tattooing products. This Draft Order cannot therefore be considered to transpose Directive 2004/10/EC.

### 9. Brief Statement of Grounds

As indicated in point 8, there is no directive that can be applied to safety testing of tattooing products. As a result, rules must be adopted to manage these tests.
