2002/108/F - BOO

5. Title

Order on the performance of roofs and roof coverings exposed to external fire.

6. Products Concerned

- 1) roof covering materials and products
- 2) roofs

7. Notification Under Another Act

-

8. Main Content

This draft Order organises the incorporation into French legislation of the Commission Decision of 21 August 2001 on the classification of the performance of roofs and roof coverings exposed to external fire, which contributes to the CE marking of construction products pursuant to Directive 89/106/EEC.

9. Brief Statement of Grounds

This draft Order is indispensable in order to make French legislation compatible with the implementation of the CE marking of construction products from the point of view of observing the essential requirement of fire safety.

10. Reference Documents - Basic Texts

-

11. Invocation of the Emergency Procedure

Yes

12. Grounds for the Emergency

The availability of the first harmonised standards and their entry into force in accordance with the provisions of the guide J requires the Member States to make their legislation compatible with the conditions for the CE marking of construction products. This draft Order fulfils this obligation. The urgency is justified by the need to allow the CE marking of products for which harmonised standards have been published in the OJEC, and whose behaviour in fire must be proven.

13. Confidentiality

No

14. Fiscal measures

No
