2004/0432/E - V00T

5. Title

Ministerial Decree adopting the national framework for the attribution of frequencies

6. Products Concerned

Radio transmitters and services which make use of the radio spectrum.

7. Notification Under Another Act

Directive 1999/5/EC of the European Parliament and of the Council of 9 March 1999 on radio equipment and telecommunications terminal equipment and the mutual recognition of their conformity.

8. Main Content

This Ministerial Decree is based on the General Law No 32 of 3 November 2003 on Telecommunications, which, in article 43 thereto, lays down that the management of the public radio domain and the faculties for its administration and control are the responsibility of the State, and, in Article 44 thereto, lays down that the Government shall be responsible for implementing procedures for the drafting of plans for the use of the radio spectrum for the various types of telecommunications services as laid down in the Radiocommunications Regulation of the International Telecommunications Union. In accordance with applicable standards in the European Union and the resolutions and recommendations of the International Telecommunications Union, this Decree lays down the attribution of radio bands and corresponding sub-bands, channels and circuits, in addition to other technical characteristics which may be necessary.

9. Brief Statement of Grounds

It transposes the international plan for the assignment of frequency bands prepared and updated by the Global Conferences of the International Telecommunications Union, taking account of the framework of national configuration in the form of a Ministerial Decree. Its objective is to guarantee the effective use of the radio spectrum.
