#### **4. Notification Number**

2015/0077/F - S20E

#### **5. Title**

Order setting end-of-waste criteria for aggregates produced from waste from construction and public works, to be used in road building

#### **6. Products Concerned**

Aggregates produced from waste from construction and public works

#### **7. Notification Under Another Act**

-

#### **8. Main Content**

This Order defines the criteria whereby aggregates produced from waste from construction and public works (BTP), which have been subject to a recycling procedure involving sorting and grinding and which meet the other criteria imposed by the Order, may be declassified as waste in order to be used in road building. BTP waste means any waste generated during the construction, deconstruction, renovation or maintenance of a building or civil engineering works, as well as similar waste generated by production facilities.

#### **9. Brief Statement of Grounds**

This Order provides grinding/crushing plants with a voluntary procedure whereby aggregates produced from waste from construction and public works may be declassified as waste and used in road building, subject to certain checks. These checks essentially ensure compliance with the product standards in question and with the limit values for concentrations of certain substances, listed in the Order. This will help to promote the development of BTP waste recycling, a Community objective.

#### **10. Reference Documents - Basic Texts**

Reference(s) to basic text(s):

- Directive 2008/98/EC of the European Parliament and of the Council of 19 November 2008 on waste and repealing certain Directives;
- Ordinance of 17 December 2010 laying down various provisions transposing European Union law in the field of waste;
- Decree No 2012-602 of 30 April 2012 on the waste declassification procedure;
- Order of 29 February 2012 setting the content of the registers mentioned in Articles R. 541-43 and R. 541-46 of the French Environmental Code;
- Order of 3 October 2012 on the content of the waste declassification application file

#### **11. Invocation of the Emergency Procedure**

No

**12. Grounds for the Emergency**

-

**13. Confidentiality**

No

**14. Fiscal measures**

No

**15. Impact assessment**

-

**16. TBT and SPS aspects**

TBT aspect

No - the draft is not a technical provision or a conformity assessment procedure.

SPS aspect

No - the draft is neither a sanitary nor a phytosanitary measure.
