### 7. Notification Under Another Act

- Requirements restricting access for certain providers
- Article 4 of the draft Decree sets out the requirement to pass a test on knowledge of the subject matter in order to obtain professional certification to install and operate inflatable play equipment

### 8. Main Content

The purpose of the draft Decree is to implement certain provisions of Law 7/2013 of 26 November 2013 on the legal framework for installation, access and performance of activities in the Balearic Islands related to the installation and use of inflatable play equipment, setting out the minimum safety conditions well as the requirements for the professional certification provided for in Article 58 of the Law.

### 9. Brief Statement of Grounds

Implementation of the draft Decree is justified by the lack of specific regulatory provisions at the federal and Autonomous Community levels on the installation and use of inflatable play equipment which establish the minimum safety conditions to be maintained. This draft Decree closes this regulatory gap in the current provisions of Autonomous Community law for the legal framework applicable to installation and use of inflatable play equipment.
