8. Main Content

The Design Manual for Roads and Bridges, along with the Manual Contract Documents for Highways sets the requirements for the construction and maintenance of Trunk Roads in the United Kingdom. Devolved Administrations with the UK incorporate certain amendments to take account of local conditions.

This Transport Scotland Interim Amendment provides updates to the Specification and Guidance Notes for TS2010, an asphalt surface course material for use on the Scottish Trunk Road Network.

9. Brief Statement of Grounds

This Interim Amendment is required in order to set out updates to the methodology which will be used for Type Approval Installation Trials, the process of approval of material mixtures for use on the Scottish trunk road Network.

This document will replace the existing Transport Scotland Interim Amendment 35 and will improve the durability of asphaltic road surfacing material.
