8. Main Content

The purpose of the draft text is to standardise the size of registration plates fitted to motorised two- or three-wheeled vehicles and quadricycles without bodywork, from 1 January 2015.

While the Order of 9 February 2009 provided for four distinct formats for these different types of vehicles, one only of these four formats will apply from this date: 210 mm x 130 mm.

The three old plate formats may continue to be fitted until 30 June 2015, in order that stocks may be cleared. Only vehicles for which a new plate needs to be fitted are affected (new registration, damaged plate, etc.).

9. Brief Statement of Grounds

1/ to simplify the work of registration plate manufacturers and the retailers responsible for selling and fitting them, by reducing the number of plate formats; to reduce costs, especially those relating to stock management;
2/ to simplify the inspection duties of law enforcement authorities.
