**4. Notification Number**

1999/0351/F

**5. Title**

Order on certification of conformity for road marking products.

**6. Products Concerned**

Products for use in road marking.

**7. Notification Under Another Act**

-

**8. Main Content**

The notified regulation establishes a new procedure for certifying conformity with French standards, which applies to all roads open to public traffic.

In part, the French standards constitute the transposition of the voluntary European standards regarding road marking products. The regulations lay down provisions for assessing the equivalence of products originating from the Member States of the European Union and the European Economic Area.

## 9. Brief Statement of Grounds

The principal aim of the regulations is to establish performance categories or the minimum criteria required to qualify for a certificate of conformity. These are defined with total or partial reference to the voluntary European standards and correspond substantially to current safety requirements. These provisions are temporarily valid until European standards are harmonised by means of the application of Directive 89/106/EEC. Where necessary, these will be revised in accordance with the provisions of the harmonised standards.

## 10. Reference Documents - Basic Texts

Highway maintenance code (article L 113-1), Traffic Regulations (article R 44).

## 11. Invocation of the Emergency Procedure

No

## 12. Grounds for the Emergency
