#### **4. Notification Number**

92/0023/F

## **5. Title**

Draft Order on the simplified approval procedure and the procedure for declaration of conformity with the requirements for protection of the radio frequency spectrum in implementation of the Decree on the approval of telecommunications terminal equipment.

## **6. Products Concerned**

This draft covers the following points:

- a simplified approval procedure applicable to certain categories of telecommunications terminal equipment, including low-power short-range radio equipment, amateur radio sets and entertainment radio installations other than C.B. sets.,
- amateur radio sets include equipment on the market and sets made by the users themselves which gave birth to 'amateur radio' and still warrant a procedure of their own.,
- for pure receivers and certain low-power short-range radio equipment a simple declaration of compatibility with the requirements laid down for protection of the frequency spectrum suffices.

## **7. Notification Under Another Act**

-

## **8. Main Content**

The objective of the draft is to lay down the categories of radio equipment to which the simplified approval procedure or the declaration procedure applies.

## **9. Brief Statement of Grounds**

-

////

## **10. Reference Documents - Basic Texts**

Law 90-1170 of 29 December 1990 and the Decree on the approval of telecommunications terminal equipment are designed to replace certain provisions of the Post and Telecommunications Code (Part D) in response to the adoption of Law 90-1170 of 29 December 1990.

## **11. Invocation of the Emergency Procedure**

No

## **12. Grounds for the Emergency**
