5. Title

Regulation annexed to the Order of 23 November 1987
concerning the safety of ships. Division 233: Undersea
vessels.

6. Products Concerned

The new division, 233, concerns all undersea vessels used for
commercial purposes, whether for private or professional use.

7. Notification Under Another Act

-

8. Main Content

Division 233 defines the design and construction regulations
for undersea vessels (Hull - Systems for weighing and

checking trim - Stability and maximum sinkage - Auxiliaries - Fire prevention - Electrical systems - Habitability, hygiene and safety of persons), those relating to the communication, navigation and lifesaving equipment thereof and operational provisions applicable for their implementation.

Division 233 is covered by the stipulations of article 46 of the draft decree concerning the safety of life at sea, notified under number 95/0073/F, and currently before the Council of State which enables the principle of mutual recognition within the European Union and the European Economic Area to be fully taken into account (cf. notification 95/0073/F and telex 07).

9. Brief Statement of Grounds

This division aims to ensure the safety of undersea vessels and the passengers and equipment transported therein.
