#### **4. Notification Number**

2015/0444/F - T00T

#### **5. Title**

Draft decree on the taxi availability register

#### **6. Products Concerned**

These draft texts concern public passenger transportation services provided by taxis. They lay down technical regulations concerning the way in which taxi drivers and their customers find each other.

#### **7. Notification Under Another Act**

-

#### **8. Main Content**

The provisions of the notified text lay down technical standards which make it possible to implement the national taxi availability register (listing information concerning the identification, availability and geolocation of taxis) and to prevent electronic cruising as provided by Law No 2014-1104 of 1 October 2014 on taxis and passenger vehicles with a driver. This law is implemented by the draft decree, and also by a draft order, including a charter to which taxi operators and search engines will be able to sign up, which has also been notified, and a developed data processing notice.

The draft decree stipulates the means of (restricted or open) access to the taxi availability register and the information that customers seeking a taxi will be able to obtain.

#### **9. Brief Statement of Grounds**

The purpose of implementing the taxi availability register is to modernise the taxi driver profession and optimise the monopoly over cruising, extended to electronic cruising, in order to improve the meeting of supply and demand for taxis.

#### **10. Reference Documents - Basic Texts**

Reference(s) to basic text(s): Provisions of Title II of Book I of Part III of the Transport Law, including Articles L. 3120-2 and L. 3121-11-1.
