**2. Member State**

FRANCE

**3. Department Responsible**

Monsieur le Délégué Interministériel aux Normes  
22 rue Monge - 75005 PARIS

**3. Originating Department**

Ministère des Technologies, de l'Information et de la Poste

**4. Notification Number**

95/0202/F

**5. Title**

S 10-20 A and 3: requirements for the handling of telephone traffic in private switching systems.

**6. Products Concerned**

The products concerned are the private circuit switching systems offering a voice service which may include a data service.

**7. Notification Under Another Act**

-

**8. Main Content**

This technical approval rule groups together the essential requirements enabling the successful handling of telephone traffic between a private branch exchange and the switched network to be ensured.

**9. Brief Statement of Grounds**

This draft technical regulation is a new version of notification 94/0067/F.

The amendments made with regard to notification 94/0067/F are as follows:

- taking circuit switches offering data services into account.
- details on certain tests,
- editorial corrections.

All the amendments concerning edition 2 are indicated by a vertical line.

This technical rule enables the switched telephone network to be protected against all damage in accordance with article 4d

of the terminal Directive.

**10. Reference Documents - Basic Texts**

-

**11. Invocation of the Emergency Procedure**

NO

**12. Grounds for the Emergency**
