5. Title

The Disease of Animals (Approved Disinfectants) (Wales) Order 2007

Change in procedure for approving disinfectants to remove the need for amendments to be made using the Statutory Instrument procedure. Disinfectants will be approved when published on the National Assembly for Wales' website.

7. Notification Under Another Act

8. Main Content

This Order revokes and remakes the Diseases of Animals (Approved Disinfectants) Order 1978 (SI 1978/32). The Order will provide that the National Assembly may approve disinfectants for use in cases where an Order under the Animal Health Act 1981 specifies that an approved disinfectant must be used.

9. Brief Statement of Grounds

EC animal health legislation requires that disinfectants used in connection with animal disease control procedures, and their concentrations, are authorised or officially approved. This is implemented in Great Britain by the Diseases of Animals (Approved Disinfectants) Order 1978 (as amended). The Diseases of Animals (Approved Disinfectants) (Wales) Order 2007 will ensure approved disinfectants meet Community requirements regulating the marketing of biocides; ensure approved disinfectants meet more stringent labelling requirements and health, safety and environmental regulations and remove the requirement to amend the list of approved disinfectants from the SI procedure. The list of approved disinfectants will be published on the National Assembly for Wales' website.
