8. Main Content

The draft regulations permit: braking systems in agricultural motor vehicles which comply with directive 96/63/EC; seat belt anchorage points which comply with directive 96/38/EC; and seat belts which comply with directive 96/36/EC. The draft regulations also permit the use of child restraints which comply with BS AU 202b or ECE Regulation 44.03.

The existing Construction and Use Regulation on child restraints, which this draft adds to, already permits equivalent standards.

The UK will fulfil its obligation under Article 12 of Directive 83/189/EEC (as amended) when these Regulations are officially published.

9. Brief Statement of Grounds

The regulations recognise European requirements for agricultural motor vehicle braking, seat belt anchorages and seat belts. They also recognise additional British and International standards for child restraints.
