8. Main Content

The BSE (Feeding Stuffs and Surveillance) Regulations 1999 are proposed under the European Communities Act in order to implement Article 3(3) (c) of Commission Decision 94/474 (as amended by Commission Decision 95/287) requiring official ELISA tests for the identification of ruminant protein in feed intended for ruminants, and the requirement in Commission Decision 98/272 establishing levels of epidemio-surveillance for BSE.

We have not provided recognition of equivalent standards and testing in the notified draft.

The UK will fulfil its obligation under Article 12 of Directive 98/34/EC (formerly 98/34/EEC) (as amended) when these Regulations are officially published.
