////

3. Originating Department

Ministry of Construction and Transport Directorate-General for Telecommunications

4. Notification Number

92/0222/E

5. Title

Technical specifications of equipment for the radiopaging service

6. Products Concerned

Equipment using radio-frequency signals to send brief voice or encoded data messages to receivers having an address code corresponding to that of the radio message.

7. Notification Under Another Act

-

8. Main Content

The main aim of these technical specifications is to lay down the radio characteristics and conditions to be satisfied by equipment for the provision of the value-added radiopaging service.

9. Brief Statement of Grounds

The justification for these technical specifications is to lay down minimum requirements to enable the marketing of the products referred to in point 6, once the technical characteristics laid down have been checked using the test methods contained therein.
