### 5. Title

Draft Decree approving the Betting Regulation of the Principality of Asturias.

### 6. Products Concerned

### 8. Main Content

Following the approval of the Principality of Asturias Law 6/2014 of 13 June 2014 on Gaming and Betting, there is a need for the regulatory implementation of betting, determining its legal status, organisational and operational status and the conditions or places in which bets may be crossed.

The purpose of the Draft Decree is to determine the different forms of bets, the venues, establishments and facilities in which they may be carried out, essential elements for their operation and their organisational and operational status, incorporating measures which guarantee operational security and transparency, as well as the rights of participants.

### 9. Brief Statement of Grounds

The regulation on betting fulfils the mandate contained in Principality Law 6/2014 of 13 June 2014 on Gaming and Betting to proceed with its regulatory implementation. This regulation will allow for the diversification of the leisure and gaming on offer in the Principality of Asturias, increasing the offer of existing gaming and bringing it in-line with that of other autonomous communities, responding to the demands of the business sector and avoiding putting Asturian operators at a disadvantage compared with those in other autonomous communities. Furthermore, it lays down the rights of participants, establishes measures for avoiding abusive gaming and establishes the inspection and control system.
