5. Title

Draft Order regulating the State metrological control of
non-automatic weighing instruments in the checking stages
following repair or modification and at periodic checks.

6. Products Concerned

This regulation is intended to regulate the stages of
metrological control represented by the checks which take
place following repair or modification of non-automatic
weighing instruments.

7. Notification Under Another Act

-

8. Main Content

The draft lays down the technical and administrative
requirements which non-automatic weighing instruments placed
on the market must observe in order to remain in legal use.

The obligations of the holders of this type of measuring
instrument in respect of the competent public authorities are
also defined.

9. Brief Statement of Grounds

The main motivation behind this draft is to complete the provisions of the Order of 22 December 1994 of the Ministry of Public Works, Transport and the Environment, which incorporated into Spanish law Directive 90/384/EEC of 20 June 1990, subsequently amended by Directive 93/68/EEC of 22 July 1993, on the harmonisation of the laws of Member States on non-automatic weighing instruments at their type approval and initial checking stages.
