**8. Main Content**

The proposed Order introduces a 70 millilitre measure into the Weights and Measures Act 1985, in order to permit this measure to be used for the purpose of measuring intoxicating liquor.

The UK will fulfil its obligation under Article 12 of Directive 98/34/EC (as amended) when these Regulations are officially published.

**9. Brief Statement of Grounds**

The licensed trade have said that they would find it useful to be able to use a 70 millilitre capacity serving measure as a large 'double' measure for serving intoxicating liquor, without the need for a 35 millilitre measure to be used twice.
