#### **8. Main Content**

The aim of this draft Royal Decree is to establish general technical specifications to be met by cements, as well as to regulate their reception to ensure that construction products containing cement allow the constructions in which they are used to meet the essential requirements laid down.

Establishing a technical framework that is consistent with European technical standards and harmonised with the provisions relating to the free movement of construction products within the single European market.

#### **9. Brief Statement of Grounds**

Updating the existing guidelines to bring them into line with harmonised European standards and the changes made as a result of approval of Regulation (EU) No 305/2011 of the European Parliament and of the Council of 9 March 2011 laying down harmonised conditions for the marketing of construction products and repealing Council Directive 89/106/EEC.
