8. Main Content

The draft technical regulations aim to adapt those articles of the list of general technical requirements for road and bridge works concerning lime, cement, bitumen and emulsions.

The technical specifications required of the products are generally established with reference to UNE-EN or UNE standards, where these exist.

The Spanish authorities are aware that when harmonised European standards derived from standardisation orders exist, these shall replace the equivalent standards referred to in the text, and the necessary steps will be

taken to accomplish this.

9. Brief Statement of Grounds

To update the aforementioned articles, which in some cases had not been revised since 1976 and in other cases since 1988, and include new articles relating to bitumen and emulsions modified with polymers.

10. Reference Documents - Basic Texts

List of general technical requirements for road and bridge works approved by the Ministerial Order of 6 February 1976. Ministerial Order of 21 January 1988. Ministerial Order of 8 May 1989.
