4. Notification Number

94/0053/F

5. Title

Draft order concerning the approval of provisions amending and supplementing the regulation on safety against risks of fire and panic in public buildings.

6. Products Concerned

- a) General regulations concerning public buildings.
- b) Construction and fitting-out of mountain huts.

7. Notification Under Another Act

-

8. Main Content

- a) Updating of some general and specific provisions applicable to public buildings.
- b) Provisions relating to the construction, interior arrangement and setting-up of technical installations and emergency facilities in mountain huts.

9. Brief Statement of Grounds

- a) To update some constructive provisions and some general and specific provisions relating to technical installations and emergency facilities in mountain huts.
- b) To ensure people's safety in mountain huts, whatever the capacity of the latter.

10. Reference Documents - Basic Texts

Building and housing code, Book 1, Section 2, Chapter 3, 'Protection against risks of fire and panic in public buildings'.

- Amended Order of 26 June 1980 concerning the approval of general provisions against risks of fire and panic in public buildings.

- Amended Order of 22 December 1981 concerning the approval of provisions supplementing the regulation on safety

against fire in type M public buildings (shops, shopping centres).

- Amended Order of 4 June 1982 concerning the approval of provisions supplementing the regulation on safety against fire in type R public buildings (educational establishments, holiday camps).
- Amended Order of 21 April 1983 concerning the approval of provisions supplementing the regulation on safety against fire in type W public buildings (public authorities, banks, offices).
- Amended Order of 7 July 1983 concerning the approval of provisions supplementing the regulation on safety against fire in type P public buildings (dance halls, gaming rooms).
- Amended Order of 12 December 1984 concerning the approval of provisions supplementing the regulation on safety against fire in type L public buildings (concert halls, conference halls, meeting rooms, theatres or multi-purpose rooms).
- Technical information note number 263 concerning the construction and desmoking of patios, light shafts and atriums in public buildings.
- Standard NFC 15-100: low-voltage electrical installations.
- Standard NFC 17-100: protection against lightning, lightning conductor installation.
- Standard NFS 60-304: protection against fire - safety signals, identical to ISO standard 6302.
- Standard NFS 61-931: fire safety system, general provisions.

These approved standards have previously been the subject of notifications to the Commission by AFNOR or UTE.

NB: In addition France specifies that there is a provision in the present amending order for supplementing Article GN 14 of the safety regulation, in order to extend, for apparatus or equipment, the principle of equivalence with the national technical specifications of other Member States, and in some cases with the European technical approval, in accordance with EEC Directive 89/106.

11. Invocation of the Emergency Procedure

No

12. Grounds for the Emergency
