4. Notification Number

2014/0080/F - X00M

5. Title

DECREE No. [] relating to coffins, watertight linings and impermeable covers of []

6. Products Concerned

Coffins, watertight linings and impermeable covers, together with coffin adornments, the clothing of the deceased and objects that may be placed with them

7. Notification Under Another Act

-

8. Main Content

This draft is intended to replace the approvals process with a procedure requiring a declaration of conformity for coffins, watertight linings and impermeable covers. These funerary items must thus comply with the technical characteristics and the model thereof must have one or more declarations of conformity, issued pursuant to the results of tests carried out by one or more accredited organisations. This amendment is made with a view to reducing the administrative burden. It will also strengthen the quality guarantees of tests carried out. This text also provides for compliance with technical criteria for coffin adornments, the clothing of the deceased and objects that may be placed with them.

9. Brief Statement of Grounds

This draft decree provides for the same system for coffins, watertight linings and impermeable covers, i.e. they comply with the technical characteristics (composition, resistance, watertightness, biodegradability and combustibility), set out by joint order of the Minister for the Interior and the Minister for Health, made after consultation with the French National Agency for Food Safety and Occupational and Environmental Health, and the model thereof has one or more declarations of conformity issued pursuant to tests carried out by one or more accredited organisations. This text also provides for compliance with technical criteria (composition, biodegradability, combustibility), set out by joint order of the Minister for the Interior and the Minister for Health, made after consultation with the French National Agency for Food Safety and Occupational and Environmental Health, regarding coffin adornments, the clothing of the deceased and objects that may be placed with them. The purpose of these provisions is to ensure that the deceased are treated with respect and to limit the impact of these funerary items on the environment and on health.

10. Reference Documents - Basic Texts

References to basic texts: Local and Regional Authority Code, particularly Article L. 2223-30

11. Invocation of the Emergency Procedure

No

12. Grounds for the Emergency

-

13. Confidentiality

No

14. Fiscal measures

No

15. Impact assessment

-

16. TBT and SPS aspects

TBT aspect

No - the draft has no significant impact on international trade.

SPS aspect

No - the draft is not a sanitary or phytosanitary measure.
