**4. Notification Number**

97/0878/E

**5. Title**

Technical specifications governing isofrequency radio  
transponders for the mobile terrestrial service.

**6. Products Concerned**

These specifications apply to equipment which forms the  
aforementioned transponder stations enabling signal  
amplification, but not demodulation, in those frequency bands  
used by the mobile terrestrial service.

**7. Notification Under Another Act**

-

**8. Main Content**

The primary aim of these technical specifications is to  
establish the requirements to which isofrequency radio  
transponders must conform - for the equipment characterised  
in paragraph 6 above - and to establish the test methods by  
which  
said requirements must be verified.

**9. Brief Statement of Grounds**

The justification for the present technical specifications is  
to demand certain minimum technical requirements for said  
equipment on national territory as well as to ensure the

correct usage of the radio electric spectrum both in the frequency bands used for said equipment and in those other bands which may be affected during said use.

#### **10. Reference Documents - Basic Texts**

Law 31/1987, of the Telecommunications Ordinance amended by Laws 32/1992, 37/1995, 42/1995, 13/1996 and Royal Decree Law 6/1996.

Royal Decree 1787/1996.

Royal Decree 444/1994.

Royal Decree 1950/1995.

Other provisions to which reference is made:

CNAF: Order of the Minister of Public Works of 29 July 1996.

(These base texts were sent as base texts with notification 97/0297/E)

#### **11. Invocation of the Emergency Procedure**

No

#### **12. Grounds for the Emergency**

-

#### **13. Confidentiality**

-

#### **14. Fiscal measures**
