5. Title

Draft Royal Decree regulating the use, installation and testing of speed limitation devices for certain categories of vehicles

6. Products Concerned

Use, installation and testing of speed limitation devices.

7. Notification Under Another Act

-

8. Main Content

To regulate the use, installation and testing of speed limitation devices for certain categories of vehicles, as well to lay down the requirements which must be fulfilled and the operating standards for the bodies and workshops carrying out such installations and testing for the aforesaid devices

9. Brief Statement of Grounds

As a result of the changes introduced by Directive 2002/85/EC of 5 November 2002, extending the scope of speed limitation devices to motor vehicles of category M2, to vehicles of category M3 having a maximum mass of more than 5 tonnes but not exceeding 10 tonnes and to vehicles of category N2, it is necessary to amend some of the Articles of Royal Decree No 2484 of 23 December 1994. Similarly, given the importance of the role played by speed limitation devices in road safety, and, taking account of the experience obtained from the implementation of Royal Decree No 2484 of 23 December 1994, it is considered necessary to update the regulation for the authorisation procedure for the bodies and workshops to carry out installation and testing as well as the operating standards therefor.

10. Reference Documents - Basic Texts
