8. Main Content

This Publicly Available Specification (PAS) specifies requirements for the performance and testing of eartags used for the official identification of sheep and goats in accordance with Council Regulation (EC) 21/2004. Requirements for animal welfare considerations are also included.

9. Brief Statement of Grounds

Annex A of Council Regulation 21/2004 obliges Member States to approve eartags for official identification purposes for sheep and goats. The Regulation sets out criteria for Member States to observe, but does not set standards. In order to meet our obligation to approve eartags and to ensure that suppliers are clear what the approval criteria is to supply eartags in the UK, standards have been developed by the British Standards Institute in partnership with industry and Government.
