5. Title

Draft Order updating certain articles of the general technical requirements for road- and bridge- works with regard to materials for the construction of road beds, drains and foundations.

6. Products Concerned

Geotextiles, filling materials, manholes, sewer inlets and sink holes, corrugated and galvanised steel pipes, foundation materials and sheet piles.

7. Notification Under Another Act

-

8. Main Content

The draft technical Regulation intends to update Articles relating to Geotextiles, filling materials, manholes, sewer inlets and sink holes, corrugated and galvanised steel pipes, foundation materials and sheet piles. The general technical requirements for road- and bridge- works.

The technical specifications to which products must conform are mostly established with reference to UNE-EN or UNE standards, where these exist.

The Spanish authorities are aware of the fact that where harmonised European standards resulting from standardisation mandates exist they will replace the equivalent standards to which reference is made in the text, and will adopt the necessary measures to achieve this.

9. Brief Statement of Grounds

To update the above-mentioned articles which have not been revised since 1976.

10. Reference Documents - Basic Texts

Order of 2 July 1976 giving legal effect to the general technical requirements for road- and bridge-works, approved by the Ministerial Order of 6 February 1976 (this shall be sent in a diplomatic bag).

11. Invocation of the Emergency Procedure
