8. Main Content

This Draft Order consists of an amendment to the Annex to the Order of 28 February 1989 to include two new additives in standard NF U 42-001.

9. Brief Statement of Grounds

The objective of the French regulations on agricultural fertilizers is to allow only products which have proved harmless to man, animals and the environment onto the market. Certain common products of known composition and properties and which have been demonstrated harmless by regular inspections may be marketed provided they comply with the designation and marking standards adopted to keep users of the products fully informed and to ensure fair trade.
