8. Main Content

Key words: Type-approval of license plates.

The present order adopts the administrative procedures and technical requirements for type-approval certification of license plates as a necessary condition for them to be marketed.

In addition to regulating the conformity procedure for the manufacture, it lays down the responsibilities of the manufacturer to prevent irregularities in the final handling of the license plates.

9. Brief Statement of Grounds

The reasons for drawing up the draft are the following :

- In accordance with technical progress, include the possibility for type-approving license plates of different materials and types.
- To recast previous orders on installation and type-approval of license plates based on the principles of simplification and regulatory clarity.
