8. Main Content

The draft Royal Decree modifies the iodine index, the refraction index, the percentage composition of sterols, total sterols and the percentage composition of fatty acid methyl esters laid down for refined sunflower oil by Royal Decree 308, of 25 January 1983.

9. Brief Statement of Grounds

The draft Royal Decree responds to the need to adapt the composition of refined sunflower oil to that of oils produced from the new varieties of sunflower produced in Spain or originating from the international market, taking account of the new techniques employed in the analysis of oil. This adaptation will provide a more accurate description and definition of the product and will facilitate its identification.
