7. Notification Under Another Act

Directive 94/62/EC as amended by Directive 2004/12/EC on Packaging and Packaging Waste only.

8. Main Content

The Northern Ireland Regulations replicate the 2005 Great Britain Regulations and Regulations 1, 2, 3, 4, 7, 9, 12, 13, 16, 20, 22, 23, 24, 26, 28, 31, 36, 38, 40, 41 Schedule 1, Schedule 2, Schedule 3, Schedule 4, Schedule 5, Schedule 6, Schedule 7 and Schedule 9 have been amended accordingly. The main changes include: consolidation of the Producer Responsibility Obligations (Packaging Waste) Regulations (Northern Ireland) 1999 with all subsequent amendments, as well as amended provisions to apply certain legal obligations to businesses operating licensor and pub operating businesses (or similar arrangements); removal of the term "reasonable steps"; revised UK business targets for 2006 to 2008 (with indicative targets for 2009 and 2010); and simplification and clarification of the packaging compliance scheme approval regime. There is also a requirement for compliance schemes and large producers to send their operational plans to the Department of the Environment.

9. Brief Statement of Grounds

Existing UK business targets for 2006 – 2008 need to be revised since they no longer achieve the Directive targets in 2008, as a result of changes to the underlying data. The UK also needs to take account of the additional tonnages (when setting targets) that are expected to be brought within the scope of the Regulations from leased, licensor and pub operating companies. Changes are also being made to the compliance scheme approval regime, to not only simplify and clarify the current arrangements, but also to enable the UK Government to apply a greater level of scrutiny to compliance scheme (and large producer) operational plans to give the UK greater confidence that we will meet the Directive targets.
