8. Main Content

This draft aims to extend the expiry date in order to bring
it into line with the new market conditions established in
the Community countries around us, for which reason certain
aspects must be borne in mind regarding the storage
temperature and the finishing process of the milk, as well as
certain microbiological criteria of the raw material, in
accordance with Directives 92/46/EEC and 92/47/EEC.

9. Brief Statement of Grounds

In view of the technological progress which has occurred over
recent years in the manufacturing, distribution and marketing
processes of pasteurised milk, it is advisable to amend the
general quality standard for this type of milk.
