4. Notification Number

2015/0512/UK - B00

5. Title

HD 39 Footway and cycleway design

6. Products Concerned

All products and services that are normally used for the construction of highways and ancillary structures on the UK Motorway and Trunk Road Network.

7. Notification Under Another Act

-

8. Main Content

The Design Manual for Roads and Bridges is the basis of the requirements used by the Highways Agency for the design of new highway construction works and maintenance on the UK Strategic Trunk Road Network.

HD 39 is the Highways England's requirements for the design of footways and cycleways. It covers footways and cycleways constructed from common materials and subject to a range of pedestrian traffic and some overrun by vehicular traffic. Guidance is provided on the construction of footways surfaced with bituminous material, concrete or clay pavers, precast concrete flags and in-situ concrete.

9. Brief Statement of Grounds

The use of these documents is mandatory for all trunk roads, including motorways, in England and enforced under contract. Other UK Overseeing Departments incorporate certain amendments to take account of local conditions.

This document will replace the existing HD 39 Footway Design and ensure best practice in road and bridge construction while complying with all relevant EU Regulations and Directives, as well as ensuring the appropriate levels of governance for the highway authority.

10. Reference Documents - Basic Texts

Basic Texts have been forwarded within the framework of a previous notification: 2015/083/UK: 2015/104/UK

11. Invocation of the Emergency Procedure

No

12. Grounds for the Emergency

-

13. Confidentiality

No

14. Fiscal measures

No

15. Impact assessment

-

16. TBT and SPS aspects

TBT aspect

No - The draft has no significant impact on international trade

SPS aspect

No - The draft is not a sanitary or phytosanitary measure
