8. Main Content

This draft Regulations will implement -

(a) Council Directive 92/46/EEC, now as further amended, laying down the health rules for the production and placing on the market of raw milk, heat-treated milk and milk-based products,

(b) Article 2 of, and Annex B to, Commission Decision 95/165/EC establishing uniform criteria for the grant of derogations to certain establishments manufacturing milk-based products,

(c) Commission Decision 95/340/EC, now as further amended, drawing up a provisional list of third countries from which Member States authorise imports of milk and milk-based products, as read with Articles 22 and 23(2)(a) of Directive 92/46/EEC.

The UK will fulfil its obligation under Article 12 of Directive 98/34/EC when these regulations are officially published.

9. Brief Statement of Grounds

The draft Dairy Products (Hygiene)(Scotland) Regulations 2000 consolidates, updates and amends the Dairy Products (Hygiene)(Scotland) Regulations 1995. Most of the changes to the 1995 Regulations are required to reflect EC law. However, one proposed change goes beyond the scope of Article 4 of 92/46/EEC and that is the proposal on public health grounds to extend Scotland's long standing controls on the retail sale of unpasteurized cow's drinking milk and cream to include goats, sheep and buffalo milk and cream.
