7. Notification Under Another Act

-

8. Main Content

This Decree lays down the technical conditions for connection and the design capacities for electricity

generating plants intended to be connected to the public distribution network.

9. Brief Statement of Grounds

Law No 2000-108 of 10 February 2000 opens up the electricity generation market and obliges the distribution network administrator to collect and distribute on their network this form of electricity insofar as this connection does not compromise the network operating safety. Article 14 of this Law stipulates that the technical conditions for the connection shall be laid down by Decree. This is the subject of this draft.
