8. Main Content

The regulation "Standard 8.1-IC. Vertical signposting", is
aimed at vertical road signposting, excluding works
signposting. It broadly includes all those elements intended
to inform and direct road traffic.

9. Brief Statement of Grounds

The basic aim of the regulation is to update the standard
approved by means of the Order of 6 June 1973, bringing it
into line with technical developments, the changes which have
taken place in the volume and composition of traffic, new

safety considerations and national and international
technical standards.
