## 5. Title

S 10-20 A: The requirements for telephonic traffic flow in  
private switching systems.

## 6. Products Concerned

This technical regulation concerns private exchange systems  
offering a telephone service.

## 7. Notification Under Another Act

-

## 8. Main Content

This technical approval regulation contains the essential  
requirements enabling proper traffic flow to be ensured  
between a private branch exchange and the switched network.

## 9. Brief Statement of Grounds

This draft technical regulation is a new version of  
Notification 93/0263/F. The amendments made in relation to  
Notification 93/0263/F are the following:

- the scope of this regulation is extended to include voice  
servers
- the number of calls per hour which must be able to be  
handled by a change board is defined. These amendments are  
marked by a vertical line in the margin.

This technical regulation enables the switched telephone  
network to be protected from any damage in accordance with  
Article 4d of the terminals directive.
