8. Main Content

The order extends an agreement intended to improve the quality of shallots produced in France.

The purpose of the agreement is to limit the size of shallots intended for consumption both in France and in external markets. It sets the maximum authorised size at 55 mm.

The agreement does not apply to shallots intended for processing.

Keywords: shallot – size – consumption

9. Brief Statement of Grounds

This Order serves to make the rules defined in the inter-branch agreement compulsory in France. The limiting of shallot size is intended to avoid the marketing, to consumers, of large shallots, which keep for a shorter period and develop diseases and rot more quickly.

These characteristics are also associated with superior taste qualities.
