8. Main Content

The notified technical regulation lays down specific regulations from the State metrological control's point of view as laid down by Article 7 of the Metrology Act No 3 of 18 March 1985 for instruments for measuring the inflated pressure of tyres of motor vehicles, thereby ensuring through the said control that equipment installed in service stations, both free of charge and not free of charge, are able to measure pressure in such a way as to prevent accidents.

The draft includes the implementation of the following metrological controls to the aforementioned measuring instruments:

- assessment of conformity to the essential metrological and technical requirements for their marketing and commissioning (model approval, initial inspection)
- inspection following repair or modification and periodic inspection for instruments in service.

Key words in the draft:

- Pressure gauges
- Inflation of tyres
- Electronic components
- Legal Metrological Control

9. Brief Statement of Grounds

Its implementation is justified from the point of view of ensuring the control of the pressure of the tyres of

vehicles from the point of view of road safety.
