4. Notification Number

97/0382/UK

5. Title

The Transport of Animals (Cleansing and Disinfection) Order (Northern Ireland) 1997.

6. Products Concerned

This order regulates procedures for the cleansing and disinfection of animal transport vehicles, vessels and containers to avoid the spread of notifiable animal diseases.

7. Notification Under Another Act

-

8. Main Content

This order consolidates and simplifies existing legislative measures concerning the cleansing and disinfection of animal transport vehicles, vessels, containers etc into a single order. These existing measures are currently contained in a number of diverse animal health orders.

The UK will fulfil its obligation under Article 12 of Directive 83/189/EEC (as amended) when these Regulations are officially published.

9. Brief Statement of Grounds

The current legislation requiring cleansing and disinfection of transport vehicles is fragmented in a number of diverse orders made under the Diseases of Animals (Northern Ireland) Order 1981, which is difficult for both the industry which has to work with them and those who have to enforce them. Many of these requirements are in need of simplification and consolidation of the requirements in a single order will greatly assist in this respect.
