**5. Title**

Draft Order amending the Order of 1 July 1986 which approves  
the technical regulation on the control and certification of  
oil seeds.

**6. Products Concerned**

Oil seeds.

**7. Notification Under Another Act**

-

**8. Main Content**

The technical regulation on the control and certification of  
oil seeds currently in force (Order of 1 July 1986) provides  
for stricter production demands than those laid down in  
Directive 69/208/EEC of 30 July 1969, principally with regard

to the isolation of crops, the minimum size of plots and the  
time that must elapse before the same species is cultivated.  
The present draft fundamentally modifies these three aspects

with a view to bringing them into line with Directive 69/208/EEC.

#### **9. Brief Statement of Grounds**

Council Directive 69/208/EEC of 30 July 1969 was incorporated into Spanish legislation by means of the Order of 1 July 1986 and subsequent amendments. In certain areas this Order was more restrictive than Directive 69/208/EEC. For this reason the notified draft is intended to amend the Order of 1 July 1986, thereby bringing it into line with the provisions of the above-mentioned Directive.

#### **10. Reference Documents - Basic Texts**

Order of 1 July 1986 approving the technical regulation on the control and certification of oil seeds and plants and subsequent amendments.

#### **11. Invocation of the Emergency Procedure**

No

#### **12. Grounds for the Emergency**

-

#### **13. Confidentiality**

No

#### **14. Fiscal measures**

No
