**5. Title**

Features relating to the processing of calls and  
telephonometry of telephones.

**6. Products Concerned**

This technical regulation concerns telephones linked to the  
public telecommunications network.

**7. Notification Under Another Act**

-

**8. Main Content**

This draft technical regulation is aimed at replacing  
specification ST/949 (telephones) notified under number 92  
051 F.

This draft stipulates the features relating to telephonometry  
and the processing of calls which telephone terminals must  
comply with within the context of the approval procedure.

**9. Brief Statement of Grounds**

The French authorities wish to draw the attention of the  
Commission to the fact that this specification applies just  
as much to directly linked telephone terminal equipment as to  
telephone terminal equipment which is indirectly linked to  
the public network.

The French authorities shall take into account if necessary  
the decisions which the European Commission intends taking  
with regard to the approval of terminal equipment which is  
indirectly connected to the public network.
